

Town of Cloverland Recreation Plan 2012

Currently, the recreation plan for the Town of Cloverland includes existing walking, hiking, and hunter trails as well as snowmobile trails. In addition, there are bike lanes along County Highway G within the town. Oldenburg Sports Park, run by Vilas County, and a boat landing picnic area at Snipe Lake, run by the DNR, are within the Town of Cloverland.

In the future, The Town of Cloverland intends to support multi-use trails for bicycling, walking and equestrian use in cooperation with the silent sports group for this area. It is also a vision that we will construct a Town of Cloverland park on the property adjacent to the Town Hall. This facility would include, a walking/nature trail, picnic tables, grills, swing and slide sets, basketball and volleyball courts, Frisbee golf, and restroom facility.
